In compliance with the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act, Iowa Western Community College's annual security report is provided here. The report includes statistics for the previous three years concerning reported crimes that occurred on campus; in certain off-campus buildings or property owned or controlled by Iowa Western Community College and on public property within, or immediately adjacent to and accessible from the campus. The report also includes institutional policies concerning campus security, such as the policies concerning alcohol and drug use, crime prevention, the reporting of crimes, sexual assault, and other matters.

Iowa Western has long recognized the need to be prepared for critical incidents. Under the guidance of the Crisis Management Team, various departments and offices work together to ensure the College is doing all it can to prepare for, prevent, respond to, and recover from emergency situations. In conjunction with local first responders, such as the CBPD and Council Bluffs Fire and Rescue, the College is well-prepared to respond to a full range of critical incidents.

The Crisis Management Team work together to ensure our emergency protocols and plan are updated, as needed, and are applicable as new risks are identified. The College's Emergency Response Plan contains important information about what to do during an emergency. Information about Iowa Western's safety and emergency procedures including procedures for evacuations, severe weather, fire and medical emergencies, can be found in the Emergency Response Plan.

Safety is a shared responsibility, and we rely on each member of our community to contribute to security on our campus by reporting suspicious activities and using common sense when carrying out their daily activities.

Please contact the Dean of Student Life at (712) 325-3207 or for more information and/or to request a print copy of this report.

The Campus Security Act

(also known as the Clery Act)

The Campus Security Act requires colleges and universities to:

- Publish an annual report every year by October 1 that contains three years of campus crime statistics and certain campus security policy statements.
- Publish crime statistics for the campus, public areas immediately adjacent to or running through the campus, and certain non-campus facilities and remote classrooms. (The statistics must be gathered from campus security, local law enforcement, and other College officials who have “significant responsibility for student and campus activities.”)
- Publish “timely warning” notices where a crime has occurred on or near campus that, in the judgment of ERT and/or Administration constitutes an ongoing or continuing threat to members of the College community.
- Make available for public inspection a daily public crime log of any crime that occurred on campus and is reported to a campus official.

The Student Life Department is responsible for preparing and distributing the annual report. The department works with other departments and law enforcement agencies—such as the Residence Life, Campus Security, Student Success, Finance and Operations, and Judicial Affairs—to compile the information incorporated into the report.

We encourage members of the College community to use this report as a guide for safe practices on and off campus. The report is available on the College website as well. By October 1st of each year, the content and availability of the annual security report will be placed on IWCC News, which is emailed to each staff member and student.

Emergency Notification

IWCC has a emergency notification system in place called Reiver Alert for immediately notifying the campus community upon the confirmation of a significant emergency or dangerous situation involving an immediate threat to the health or safety of students or employees occurring on the campus.

Other forms of communication may be activated in the event of an immediate threat to the IWCC campus community, depending on the location and type of emergency. These include a campus wide television monitor system, College website, notices posted in College facilities, and emails to students and employees. IWCC will post updates during a critical incident on the IWCC website at www.iwcc.edu.

Emergency Response

The IWCC Crisis Management Team (CMT) and Administration have the responsibility of responding to, and summoning the necessary resources, to mitigate, investigate and document any situation that may cause a significant emergency or dangerous situation. In addition, the CMT and/or Administration have a responsibility to respond to such incidents to determine if the situation does in fact pose a threat to the community. If that is the case, federal law requires that the institution immediately notify the campus community or the appropriate segments of the community that may be affected by the situation.

The CMT and/or Administration may receive information from other sources, as well. If the CMT and/or Administration confirms that there is an emergency or dangerous situation that poses an immediate threat to the health or safety of some or all members of the campus community, CMT and/or Administration will collaborate to determine the content of the message and will use some or all of the systems described above to communicate the threat to the IWCC campus community, or to the appropriate segment of the community, if the threat is limited to a particular building or segment of the population.

The CMT and/or Administration will, without delay and taking into account the safety of the community, determine the content of the notification and initiate the notification system, unless issuing a notification will, in the judgment of the first responders (including, but not limited to: The City Police Department, Fire and Emergency Medical Services) compromise the efforts to assist a victim or to contain, respond to or otherwise mitigate the emergency.

Timely Warnings

In the event that a situation arises that, in the judgment of campus administrators and Crisis Management Team, constitutes an ongoing or continuing threat, a campus wide “timely warning” will be issued. The warning will be issued through the college e-mail and / or Reiver Alert to students, faculty, and staff. Depending on the particular circumstances of the crime and especially in situations that could pose an immediate threat to the community or individuals, a notice may be placed on the campus-wide television monitor system, through Reiver Alert, notices posted in buildings, and the College web site.

Monitoring and Recording Criminal Activity Off-Campus

We rely on our close working relationships with local law enforcement agencies to receive information about incidents involving College students on and off campus. In coordination with local law enforcement agencies, the College may actively investigate certain crimes occurring off campus. If the College is notified of a situation in which a campus community member is the victim of a crime, depending on the circumstances the department may issue a Reiver Alert, detailing the incident and providing tips so that other community members may protect themselves.

Access and Security of Campus Facilities

Most campus buildings are accessible to students, employees, guests, and visitors during normal business hours and for limited designated hours during special events. Most campus buildings have security access control and alarm systems. IWCC Campus Security staff monitor and respond to campus alarms 24 hours a day, 7 days a week. Identification and sign-in registration are generally not required with the exception of housing facilities. All campus buildings are locked at 10:00 p.m. unless an activity warrants a later time. Staff and faculty working after hours should carry faculty/staff identification. Anyone working late and on weekends should notify Campus Security.

Access to college Residence Life facilities is limited to residents, escorted guests, and college staff. Residence Life security is monitored by Residence Life professional staff and student on-duty Residence Life personnel.

Daily Crime Log

Consistent with the Clery Act requirements, the Dean of Student Life and the Security Supervisor maintain a Daily Crime Log that records, listed by the date the incident was reported, all crimes and other serious incidents that occur: on campus; in a non-campus building or property owned or operated by the College in a reasonably contiguous geographic area on public property within, adjacent to, or immediately accessible from the campus. The Daily Crime Log is available for public inspection from the Dean of Student Life or Security Supervisor. The Daily Crime Log includes the nature, date, time, and general location of each crime reported, as well as its disposition if this information is known at the time.

Incidents are posted in the Daily Crime Log within two business days of receiving a report of an incident, and, in accordance with the Clery Act requirements, may exclude incidents from the log in certain circumstances, particularly those in which inclusion may compromise the investigation.

Law Enforcement Staff and Authority

The Council Bluffs campus of Iowa Western Community College contracts for campus security with a private security firm and provides staff 24 hours a day, 7 days a week. Campus Security officers do not carry weapons or have arrest authority. IWCC security officers have the authority to ask persons for identification and to determine whether individuals have lawful business at IWCC. Security officers have the authority to issue traffic and parking tickets, which are billed to financial accounts of students, faculty, and staff.

Off duty, Council Bluffs Police officers are hired to work late evening and early morning hours in Residence Life and are contracted for other special campus events and activities. Council Bluffs Police officers are in uniform, do have jurisdiction on campus, carry weapons, and have arrest authority. IWCC maintains a highly professional working relationship with the Council Bluffs Police Department, Pottawattamie County Sheriffs Office, and all other local, state, and federal law enforcement agencies. All crime victims and witnesses are strongly encouraged to immediately report the crime to Campus Security and the appropriate Police agency.

All IWCC recognized activities that are off-campus will be monitored by college staff. A close working relationship exists with the city police who are responsive to any incident and share information with IWCC.

REPORTING PROCEDURES

Students, staff and faculty are strongly encouraged to report all crimes. To aid in this effort, several areas have been identified to assist you. If you are the victim of a crime, witness a crime of suspicious activity, or observe a potential security problem or safety hazard, please notify IWCC Campus Security immediately.

For police, fire or medical emergencies, dial 911, and then contact IWCC Campus Security. For non-emergency or business calls, contact campus security directly. Call Campus Security at 402-659-4939 or dial 8000 from any campus telephone.

Other Campus Security Officials for Reporting:

There are also other areas on campus to which reports can be made. At Council Bluffs they include the Office of the Dean of Student Life, the Office of the Dean of Student Success Programs, and the Office of the Director of Residence Life. At all IWCC centers, crimes should be reported to the Center or Campus Director.

Procedures for Voluntary Confidential Reporting:

If a crime victim/survivor does not wish to file a police report, Campus Security encourages voluntary, anonymous and confidential reports of crimes listed under the Clery Act. Every attempt to substantiate facts will be made. Voluntary and confidential reports of crimes including sexual assault may be made by completing an Incident Report. A victim/survivor or a person who has first hand knowledge of a crime may complete the form. Third party reports may prevent the College and the Council Bluffs Police Department from actively investigating the criminal activity.

Security Awareness and Prevention Programs

Campus Escort Program:

IWCC Campus Security provides safety escorts for IWCC students, staff, and faculty. To request an escort, call Campus Security at 402-659-4939 or dial 8000 from any campus telephone.

Campus Community Education Regarding Security

IWCC encourages students and employees to be responsible for their safety and the safety of others. New employees are informed about security policies and procedures during employee orientation. At each College Orientation (Fall and Spring), students are given information regarding security policies and procedures on College property. In addition, students living in College housing are given more specific information on security procedures. Several brochures, flyers, and pamphlets are also available concerning various safety and security issues.

Drug and Alcohol Abuse Education Programs:

The purpose of this policy is to set forth the College's policy regarding alcohol and other drug use, including unlawful drug use or abuse in the workplace in accordance with the Drug Free Workplace Act of 1988 (Public Law 100-690) and Drug Free Schools and Communities Act Amendments of 1989 (Public Law 101-226). The College encourages and provides reasonable assistance to any student, faculty, or staff member who seeks information on chemical dependence or treatment for chemical dependency. The counseling staff can provide information and prevention programs for those seeking help with substance abuse.

Sexual Assault Prevention and Awareness Programs:

To prevent sexual assault and harassment, educational efforts will be undertaken to inform employees and students of their responsibilities regarding such behavior, how to identify and eliminate potential sexual abuse and harassment and what steps can be taken if instances of sexual abuse and harassment are experienced.

IWCC conducts a number of programs aimed at preventing sexual offenses and making the community aware of the potential of such crimes. These programs include nightly security patrols of campus, providing security escorts, inspecting the campus for potentially dangerous areas and implementing programs to inspect campus lighting and shrubbery. In addition, educational programs concerning sexual assault awareness are provided through Student Activities and Residence Life programming and through the Office of Student Success Programs.

Alcohol and Other Drugs

College students, faculty, staff and administrators are subject to local, State and Federal laws regarding the unlawful possession, distribution, or use of alcohol or illegal drugs.

Policy Regarding Alcohol:

The possession and use of alcoholic beverages by IWCC students is strictly prohibited on College property and all College sponsored events. IWCC enforces the State of Iowa drinking laws, including the prohibition of use by persons under 21 years of age.

Policy Regarding Drugs:

The possession, use and sale of drugs and drug paraphernalia are strictly prohibited on College property and all College sponsored events. IWCC enforces both the State of Iowa and the Federal drug laws regarding the use, possession, and sale of illegal drugs and drug paraphernalia.

Sexual Misconduct Policy and Procedures

Iowa Western Community College is committed to having a positive learning and working environment for its students and employees and will not tolerate sexual harassment or sexual violence. It is the policy of Iowa Western Community College to comply with Iowa Code Chapters 708 and 709 of the Title XVI Criminal Laws and Procedures.

IWCC conducts a number of programs aimed at preventing sexual offenses and making the community aware of the potential of such crimes. These programs include providing nightly security patrols of the campus, providing security escorts, inspecting the campus for

potentially dangerous areas, and inspecting campus lighting and shrubbery. In addition, educational programs concerning sexual assault awareness are provided.

What to do if you are sexually assaulted:

It is extremely important for you to seek help immediately by doing the following:

- Get to a safe place and call 911. If desired, they may take you to the hospital for a voluntary medical exam and make a report and advise you of resources and options.
- To help preserve evidence, do not douche, bathe, change clothing or remove anything from the location of the assault.

If you have been raped, you should seek medical attention immediately regardless of whether you report the assault to the police.

How to Report Sexual Misconduct:

IWCC encourages students to report all incidents of sexual misconduct to the police.

A guiding principal in the reporting of sexual offenses is to avoid re-victimizing the sexual assault survivor by forcing the person into any plan of action. Survivors of sexual offenses may contact any one of several IWCC departments or community services for assistance. The following resources provide immediate aid or on-going consultation for survivors of sexual assault:

Sexual Assault Victim's Rights:

Under federal law, sexual assault survivors are afforded certain basic rights. The College will notify survivors of sexual assault of their option to report their assault to the proper law enforcement authority and of the following rights:

- The accuser and the accused are entitled to the same opportunities to have others present during a campus disciplinary proceeding.
- Both parties shall be informed of the outcome of any disciplinary proceeding and any sanction that is imposed against the accused.
- Survivors shall be informed of their options to notify law enforcement.
- Survivors shall be notified of counseling services. Survivors shall be notified of options for changing academic and living situations if the changes are reasonably available.

Disciplinary Action:

The College disciplinary process is an option for any person which to report a case of student misconduct. In order for IWCC to proceed, a written complaint (whether by the victim or a third party) must be filed with the Vice President of Student Services, or designee. If the survivor requests, a same gender investigator will be provided, whenever possible.

There are different standards of proof in the College conduct proceeding than in the possible criminal action. The College conduct proceeding determines whether the accused status as a student will be altered, whereas the criminal process determines if there will be limitations on the accused liberty. As there are different standards and the purpose of each proceeding is different, IWCC encourages students who are the victims of sexual assault to go forward with the College process.

The College's disciplinary process is governed by Administrative Policy. Rape and sexual assault are criminal violations of Iowa sexual assault laws and violations of the College's Student Code of Conduct. Anyone charged with a sexual assault violation which is campus-related may be subject to a) criminal charge filed against the individual, and/or b) an administrative proceeding initiated by the College. Criminal and

administrative proceedings may occur concurrently. Students found guilty may be expelled, suspended, placed on probation, evicted from campus housing, or given another sanction in accordance with the Student Code of Conduct.

CONVICTED SEX OFFENDER REGISTRATION LAWS

The Campus Sex Crimes Prevention Act of 2000 is a federal law that provides for the tracking of convicted sex offenders enrolled at, or employed by, institutions of higher education. The CSCPA is an amendment to the Jacob Wetterling Crimes Against Children and Sexually Violent Offender Act. The federal law requires state law enforcement agencies to provide Iowa Western Community College with a list of registered sex offenders who have indicated that they are either enrolled, employed, or carrying on a vocation at Iowa Western Community College.

Any student/staff member who wishes to know the names of enrolled students who may be on the Iowa Sex Offender's Registry should contact the county sheriff, or refer to the web site at <http://www.iowasexoffender.com>. IWCC is located in Pottawattamie County in zip code 51503. The web site is set up for an interested person to submit information about a specific individual to see if the individual is listed. The site does not provide a list of people on the Registry.

Pursuant to Iowa Code 692A, sex offenders are prohibited from living within two thousand feet of a child care facility. IWCC operates a child care center on campus. Therefore, sex offenders are prohibited from living in any of IWCC's on campus housing facilities.

Missing Student Policy Residential Students

Iowa Western Community College takes student safety very seriously. The following policy and procedure has been developed in order to assist in locating Iowa Western student(s) living in on-campus housing, who based on the facts and circumstances known to the College, are determined to be missing. This policy is in compliance with Section 488 of the Higher Education Act of 2008.

Most missing person reports in the college environment result from a student changing her routine without informing her roommates and/or friends of the change. Anyone who believes a student to be missing should report their concern to the Department of Residence Life or Campus Security. Every report made to the campus will be followed up with an immediate investigation once a student has been missing for 24 hours. Depending on the circumstances presented to College officials, parents of a missing student will be notified. In the event that parental notification is necessary, the Director of Residence Life will place the call.

At the beginning of each academic year, residential students will be asked to provide, emergency contact information in the event she is reported missing or is involved in an emergency situation, while enrolled at Iowa Western. This emergency information will be kept in the Office of Residence Life and will be updated annually.

Missing Student Procedure for Residential Students

1. The Iowa Western official receiving the report will collect and document the following information at the time of the report: The name and relationship of the person making the report. The date, time, and location the missing student was last seen. The general routine or habits of the suspected missing student (e.g. –visiting friends who live off-campus, working a job away from campus) including any recent changes in behavior or demeanor. The missing student's cell phone number (if known by the reporter).
2. The Iowa Western College official receiving the report will contact the Director of Residence Life and the Campus Security Supervisor to up date them on the situation and to receive additional consultation. The Dean of Student Life will ascertain if/when other members of the Cabi net need to be contacted.
3. Upon notification from any entity that a student may be missing, Iowa Western may use any or all of the following resources to assist in locating the student.

- Call the student's room,
- Go to the student's residence hall room,
- Talk to the student's RA, roommate, and floor mates to see if anyone can confirm the missing student's whereabouts and/or confirm the date, time, and location the student was last seen.
- Secure a current student ID photo.

Fire Safety Report Student Housing

Annual fire safety reports on student housing

Fire statistics:

Iowa Western reports no fires in student housing for the 2010 calendar year; there were no injuries or deaths.

On-campus student housing and life safety systems

Iowa Western has a total of four on-campus student housing facilities.

The Reiver Tower and Reiver Suites I and II are equipped with :

- Fire detection systems, including smoke detectors, pull box stations, and fire sprinklers. The fire safety systems report to All Home Central.

The Reiver Village is equipped with:

- Smoke detectors.

Mandatory supervised fire drills

Iowa Western's Residence Life Department conducts two mandatory fire drills per calendar year. The fire evacuation drills are supervised by the Facilities and Maintenance Department. The fire evacuation drills for the Reiver Tower and Reiver Suites I and II are conducted by activating each individual fire alarm system in housing facility.

Fire safety policies and rules

Iowa Western's fire safety regulations are intended to prevent injuries to members of the College community and physical damage to facilities. Rooms are inspected periodically, at random times, to assure compliance with College regulations. Because of the seriousness of the regulations that cover fire safety, Iowa Western takes disciplinary action on the first offense. Such actions may include the imposition of a fine by the Residence Life Department. The College has the right, moreover, to require students who violate these safety rules to vacate their accommodations with no financial credit for the remainder of the semester.
